

# SUBMITTAL OF WATER UTILITY & NON-STANDARD METER CONSTRUCTION COST

\_\_\_\_\_  
(Date)

White House Utility District  
Attn: Lisa Weathers  
P.O. Box 608  
White House, TN 37188  
Fax: 615-672-9427

Dear Mrs. Weathers:

The public water main & non-standard meter construction cost for \_\_\_\_\_  
(Development, Phase, Section)  
has been completed. The construction cost is outlined in the below chart.

Diameter of Water Main	Pipe Material	Linear Footage of Water Main	Construction Cost of Water Main

The construction cost for each individually sized water main includes all costs associated with the said water main's appurtenances (meter boxes, valves, etc., excluding fire hydrants).

Number of Public Fire Hydrants	Construction Cost per Public Fire Hydrant	Total Construction Cost for Public Fire Hydrants

Diameter of Non-Standard Meter	Construction Cost of Non-Standard Meter

The construction cost for each individual non-standard meter includes all costs associated with the said non-standard meters appurtenances (vault piping, valves, concrete vault, meter, etc.) and **excludes the cost of the reduced pressure backflow preventer(s).**

Taking into account all of the above information, the total construction cost for all public water mains; fire hydrants, and non-standard meters constructed with this project is \_\_\_\_\_.

If you have any questions concerning the supplied information, I can be reached at

\_\_\_\_\_ or \_\_\_\_\_.
