

NEW!

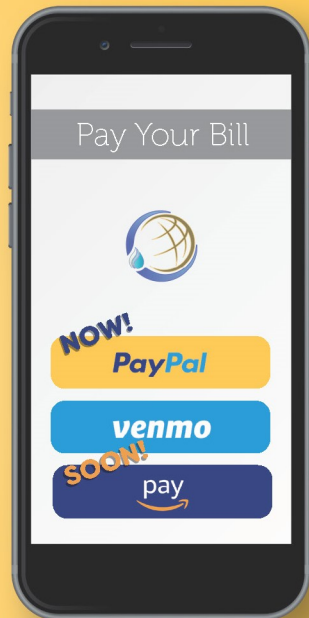

White House Utility District is excited to offer **PayPal & PayPal Credit** as alternative payment options through our online customer portal. You can use these new payment options for one-time pay, either logged in or using quick pay. **Soon, Venmo and Amazon Pay** will be added to the one-time payment options.

Customer Connect members can now also enroll in Auto Pay for free. Sign in to your account, and select the Auto Pay option under Pay & View Bills. With Auto Pay, you can choose your payment method (credit card or bank account) and your payment date.

Your water is our priority.

Ways WHUD ensures quality:

WHUD conducts 24/7 water quality monitoring at our Water Treatment Plant. Plant operators also pull manual samples every two (2) hours for testing.

WHUD pulls 100 water samples from locations spread throughout our service area each month (pictured to the right).

If you have questions or concerns about the quality of your water, WHUD will pull a sample for testing. Submit a request at [WHUD.org/customer-problem-reporter](https://www.whud.org/customer-problem-reporter) or by calling **615-672-4110**.
